RE: RoHS 3 (Directive (EU) 2015/863), and REACH Compliance

Precix compounds are **RoHS (EU and China) compliant** and therefore do not contain any of the substances banned under RoHS which are lead (Pb), mercury (Hg), cadmium (Cd), hexavalent chromium (CrVI), polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE), and four different phthalates (DEHP, DBP, BBP, DIBP).

Precix compounds are **(EU & UK) REACH compliant** to both Annex XIV and Annex XVII. In addition, Precix compounds do not contain any items listed in the Candidate list of Substances of Very High Concern (SVHC) which is currently a total of 240 substances, last updated 23-JAN-2024 for proposed substances.

Regards,

James M. Sylvia
